

NUR SABRINA BINTI MUHAMAD SABRI

Software Engineer

• 010-2144381 • nrsbrn1910@gmail.com • Subang Jaya, Selangor • <https://nrsabrinaaa.github.io/SabrinaPortfolio/>

SUMMARY

Passionate Software Engineer with 3 years experience developing Laravel-based web and IoT solutions deployed on AWS. Experienced in backend development, IoT integrations, client collaboration, and production support across asset tracking, medical, and logistics systems. Strong interest in cloud technologies and scalable systems. Always curious and committed to learning, I thrive in collaborative environments, contributing ideas and solutions that drive projects forward. A strong team player who embraces challenges and continuously seeks opportunities to grow and innovate in the tech space.

EDUCATION

Bachelor of Information System Engineering

2021 - 2023

MARA University of Technology

CGPA: 3.33

Diploma in Computer Science

2018 - 2021

MARA University of Technology

CGPA: 3.32

EXPERIENCE

Aug 2023 - Present

MDT Innovations Sdn Bhd

IoT Engineer

- Developed and maintained 6+ IoT and web solutions, including Document Cabinet, Medical Cabinet, KLIA Trolley Tracking, Milesight IoT Sensor, Asset Tracker, and Jewelry Tracker systems.
- Built and maintained backend systems using Laravel (PHP), integrating IoT data flows with MySQL databases.
- Deployed Laravel applications on AWS supporting production operations and IoT integrations, ensuring stable and high-performance system operations.
- Enhanced Jewelry Tracker mobile app with RFID scanning and alert system, improving tracking workflow efficiency.
- Held regular meetings with clients to gather requirements, provide updates, and maintain strong project alignment and satisfaction.
- Offered technical guidance, and hands-on assistance to team members throughout development cycles.
- Actively participated in team building community activities, fostering strong collaboration, knowledge sharing, and a positive team culture.
- Engaged in an AWS Learning Program to expand knowledge of cloud infrastructure and deployment workflows.

Mar 2023 - Jul 2023
MDT Innovations Sdn Bhd

Intern

- Gained hands-on experience with Laravel (PHP), focusing on backend development, MySQL integration, and designing ERDs to support system planning.
- Participated in client and internal meetings to gather requirements, provide updates, and ensure project alignment.
- Assisted with testing and prepared comprehensive user guides for a Tracking System project.
- Collaborated closely with colleagues to refine project direction and implement updates based on client feedback.
- Managed the full development cycle of two dashboard demo projects, including UI/UX design, core functionality, and database architecture, presenting final deliverables directly to clients.
- Completed a smartwatch application project, implementing features such as geolocation tracking, heart rate monitoring, Bluetooth MAC retrieval, and step counting.

Aug 2020 - Sept 2021
Aidea.com

Intern

- Responsible for maintaining and updating the website with accurate data on laptops that have been repaired and those pending repair, ensuring transparency and inventory accuracy.
- Handled the sale of laptops, printers, monitors, and accessories at the Aidea store, providing excellent customer service and product recommendations based on customer needs.
- Clearly explained laptop specifications and technical features to customers, helping them make well-informed purchasing decisions.
- Performed diagnostic assessments and carried out repairs on damaged or malfunctioning laptops, both hardware and software-related.
- Maintained strong teamwork and cooperation, supporting supervisors and colleagues whenever assistance was needed to ensure smooth daily operations.

SKILLS

Backend: Laravel (PHP)

Frontend: Javascript, HTML5, CSS3, Bootstrap

Database: MySQL, MongoDB

Cloud / DevOps: AWS Cloud Server

Tools: VS Code, Android Studio, Postman (API Testing), Git/Github, Microsoft Office, Canva

LANGUAGES

- Malay: Native proficiency
- English: Fluent

CERTIFICATES

- ISO 9001:2015 Internal Quality Auditor Training
